NEWS

Fire District 3 Precautions

With all of the unknowns surrounding the Corona Virus (COVID 19) outbreak, it is important that the Fire District (District) fulfills its role and responsibilities in a proactive and prudent manner with an abundance of caution. As an organization, the District has a leadership responsibility to the community that begins with leading by example. As one of the community's public safety providers, the District has an obligation to sustain the ability to deliver essential services that our responders provide. But to be effective, this must be approached as a shared responsibility between the District, the citizens we serve, and our members who make it all possible.

Specific to the Corona Virus outbreak, this begins with minimizing its spread. To do so, the District has taken steps to minimize its own exposure as not to become contagious to others.

The District is taking the following actions:

- Starting this past Monday, all staffed stations are closed to customers for routine or non-emergency access. If you need emergency assistance at these stations, please use the red phones located at the front door of each station.
- All public events and classes (CPR, CERT and MYN classes) have been suspended until further notice.
- The classroom at the Headquarters Station is not available for public use.
- All group training drills with the District Firefighters and EMT's have been suspended.
- All CERT team meetings have been suspended.

This is a crucial time where we must "circle the wagons" and coalesce around a common vision focused on performing duties with a unified sense of shared responsibility.
